

Integrity

Author: Henry Cloud

This is one of the most influential books I've read in the last 10 years, especially when it comes to *who you are* while you are running a business.

Don't let the title fool you: He's not talking about ensuring that you don't lie, cheat or steal. Instead, he takes an in-depth look at what it really takes, from a character viewpoint, to be a solid Christian Business owner. *Integrity* is a must read for any person who is serious about using their business for Jesus Christ.
